# The Brand

**WIRESAGE** originated in 2014 with a focus on competitive prices, quality products, and packaging that attracts attention. Our accessories range across cables, adapters, audio, car mounts, and combination packs.

In just a few years we've grown to over 700+ locations across the United States. Our products can be found in airports, travel plazas, hotels, gyms, and universities.

We thank you for taking the time to learn more about us and our product lines.

The products are split across two categories:

## *Essentials*

Targets the consumer looking for reliable, everyday products at a great price.

## *Smart Tech*

Targets the consumer looking for unique and versatile products.

## WHY CHOOSE US

As a small business, our top priority is to provide exceptional customer experience, which we achieve through tailored products, attentive service, and reliable execution. We top that off with an always say 'yes' attitude to exploring new ideas or resolving problems to meet your needs.

## OUR PLEDGE

### Stand Behind Our Work:

We are dedicated to giving you the best products and services. If you are not completely satisfied, we will do our best to correct the problem immediately.

### Price Match:

Low overhead reduces costs. Find a better offer? Let us know and we will work to meet or beat it.

### Quality Control:

We go the extra mile - we have product managers conduct quality control procedures before our products leave the manufacturer.

### We Listen:

We know that every customer has different needs. Our business is designed around bringing custom solutions to reality.

# TOP ORIGINS

Inspired by passionate entrepreneurs.

## OUR STORY

TOP ORIGINS  
IMPORT GREAT PRODUCT

Top Origins™ is an NYC start-up that was founded in 2012. Inspired by the lack of adequate ways of staying charged, we were one of the first small business to offer cell phone charging stations to the NYC marketplace. As we evolved, we observed that mainstream users require power in their hands and began offering power banks as a mobile charging solution. We expanded the product line into a premier cellular phone accessories brand known today as WireSage™.

Our client needs continued to grow. As a small business, we are able to offer the flexibility of custom tailored solutions to meet our customer needs. We now specialize in importing a variety of products from various parts of the world. In addition to cell phone accessories, we also manufacture and import sporting goods, personal healthcare, and security products.
